HEALTHCARE ISN'T LIMITED TO ONE SECTOR & NEITHER IS FURNITURE!

DI Office Design has provided healthcare facilities around Australia with furniture for over 20 years, we understand the impact furniture has on patients, staff and visitors.

By providing comfortable, durable and stylish furniture to healthcare facilities it encourages positive results whether its lowering visitor agitation in lengthy waiting times or providing comfort to those in pain.

DI Office Design's Healthcare Catalogue provides furniture for all sectors of healthcare, creating a one-stop shop for all furniture needs, our friendly DI Representatives are always available to assist with any requirements.

OUR RANGE CONSIDERS ALL TYPES OF USERS & THEIR CONSTRAINTS.

DI Office Design takes pride in providing furniture for all areas of healthcare. Aged Care is one of the more important ranges as facilities such as nursing homes need durable & accessible furniture for elderly patients.

Our aged care range enhances a homely aesthetic with the rich elements of timbers & soft fabrics, while offering hard wearing & user friendly Products - our range considers all types of users & their constraints.

Our healthcare catalogue outlines aged care section showcasing chairs with strong structures & arm rests, as well as tables with wheelchair friendly heights & strong bases to support patient stability & mobility issues.

Designed with rich elements of timbers & soft fabrics, while offering hard-wearing & user friendly products to support patient stability & mobility issues.

Petite Lift Recliner

Page 13

Plush upholstered recliner with lift function..

Amble

Page 22

Steel dining chair with timber vaneer & upholstered seat pads.

MENTAL HEALTH

Collection

DI Office Design understands that Mental Health is important, we work on providing all mental health sectors with furniture that encourages patient's positive emotional, psychological & social wellbeing, by enhancing a sense of place & belonging with a sensation of safety & comfort.

Our Mental Health range avoids furniture that can be used to cause harm to the patient, staff, other patients or visitors.

As we make it our aim to reduce all potential threats such as no ligature points, removable parts, open shelving, light weighted furniture etc.

By doing so we are able to customize specific pieces to accommodate for the standards & guidelines outlined by Australian Commission On Safety & Quality in Healthcare.

BLOK

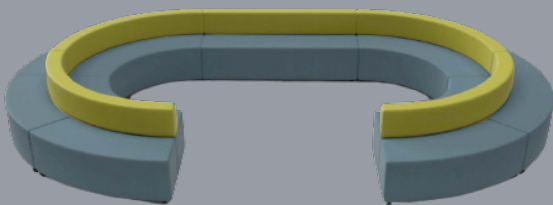

Page 16

Modular Blok range allows creativity with arranging endless combinations, fully upholstered with disc feet.

VERA

Page 15
